

IGREENMILL – OUTDOOR TREADMILL

iGreenMill is the world's first and only outdoor curved treadmill. iGreenMill has a revolutionary roller system that provides an amazing running experience for people of all ages – from children to adults and seniors. The principle of the treadmill is simple: You want to go faster – go faster. You want to slow down – slow down. You want to stop – stop. Just like in life – you are the powerhouse of the iGreenMill treadmill. You can freely control your pace thanks to the unique 32 rollers made of Italian stainless steel that work together with you to provide a professional sports experience. The perfectly curved running surface is designed so that the user can walk, run or perform more than 30 other exercises.
